

Bespoke Furniture & Lighting, Built In-House

BY PINKAPPLE STUDIO

For architects and designers specifying commercial fitouts —
manufactured, delivered, and installed.

Minimum order ₹5.5L / 25+ pieces • Bangalore Based • Delivering Pan-India

One vendor, from design to installed.

Pinkapple manufactures custom furniture and lighting for commercial spaces — restaurants and bars, hotels, corporate offices, retail, and institutions. We're not a reseller. Everything is made in our own facility by in-house artisans, which means we can match your design, hold your finishes, and deliver at the scale a full fit out needs.

Bring us your drawings, or pick from our range and we'll adapt it. Either way, you get one partner accountable for the whole order — built, finished, and installed on site.

Bespoke installations to anchor a space

One purchase order instead of five vendors to chase.

Built around your drawings, your finishes, your timeline.

01

Your design or ours

Send us your drawings, or adapt a piece from our range.

02

Quote to budget & timeline

Costed against your actual project scope.

03

Finish sign-offs over email

You approve every material and finish in writing.

04

Photos before dispatch

See the finished pieces before they leave our facility.

05

Delivered & installed

Staged payments, balance before dispatch, fitted on site.

Your name is on the project. We build so the furniture never becomes the thing that holds it up.
